

CERTIFICATE

Product Conformity

*Cofem, s.a., fire protection manufacturer and
ISO 9001/2008 certified by AENOR, exposes that:*

Carbon Monoxide Detection System "COsensor",

Composed by

Detectors with reference SCO and SDN
and

Control Panels with reference MCO and ZCO,

*Are manufactured according to the requirements of Electromagnetic
Compatibility European Directive, EMC, **2004/108/EC** and Low
Voltage Directive **2006/95/EC**.*

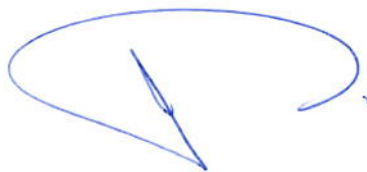

*And homologated by the Spanish Industry Ministry,
under CDM-0120001 and CDM-0140001 password certification
based on test of the Laboratory J.M. Madariaga
with numbers LOM16MOGA3170 and LOM16MOGA3172,
as manufactured according to **UNE 23.300**
"Carbon Monoxide Detection equipments for measurements", and
UNE 23.301 "Detection equipments for Carbon Monoxide
concentration measurement at garages and parkings".*
